## Message from the CEO

Starting as a group of enthusiasts, Bering Yachts now is a large operation of passionate professionals. Like a family, we might disagree and argue, but we always remember our goal – give customers their best experience. Passion attracts people.

Owning a boat is a very emotional enterprise. One cannot stay unattached when crossing the deep blue sea. There are so many things to see, so much to experience! That is what we give to our customers – an ability to enjoy every moment of their thrilling rides in comfort and safety.

President & CEO

## Bering Yachts in brief

Bering Yachts creates a new caliber of a vessel: recreational steel boat that provides an unequalled level of luxury, capability and safety. Taking design cues from proven oceangoing commercial trawlers, these yachts can cross any ocean comfortably, securely and with a minimal number of stops. We blend comfort and reliability to withstand any forces the nature can bring.

We are special. Being a full production cycle, we develop a concept, manufacture the boat in-house, and then equip it with our own luxury furniture. Bering Yachts satisfy even the most meticulous client, and our customer service truly is second to none.
