

Luxury Motor Yacht VEDA Splashes at Bering Yachts

May 12, 2016

Written by [Eva Belanyiova](#)

[Bering Yachts](#) announced a successful launch of their new Bering 80 [luxury motor yacht VEDA](#); a full displacement steel yacht representing the flagship of the Bering Fleet and the fourth vessel in their Expedition Class series.

VEDA is the heaviest vessel in her class, with a displacement of more than 470,000 pounds and boasts a fuel capacity of more than 10,000 gallons. Her exterior lines are masculine, featuring blue/grey colour combined with classic rich Makore wood interiors boasting marble and granite elements, as well as hand-made furniture.

Bering 80 – VEDA at launch

With a spacious interior and exterior deck areas thanks to her huge 25'8" beam, Veda provides her guests with plenty of possibilities to relax, entertain and socialise. The accommodation has been created for eight guests in four deluxe staterooms, all of which are equipped with private en-suite bathroom facilities.

VEDA launched at Bering Yachts

Fitted with two Cummins QSM-11 350hp engines, the yacht is able to reach a top speed of twelve knots and has a range of 6,000 nautical miles at 9 knots.

The new Bering 80 is a true expedition yacht with the finest of finishes and the luxuries found aboard superyachts.
