

Bering Explorer Yacht New B88

Bering 88

With a hull length of 23.95 meters, the Bering 88 qualifies as a sub-24m vessel, offering simplified registration, reduced crew and compliance requirements, and greater operational flexibility.

The advantage of her extended 26.2-meter LOA is the space and comfort of a much larger yacht. Over 164 m² of interior space, about 45 m² of crew accommodation, and almost 45 m² of technical areas ensure that all 8 guests will have plenty of room for entertainment and recreation and enjoy enough privacy when needed. 5-person crew will benefit from spacious work and rest areas.

225 metric tons of displacement provide B88 ample storage spaces to support fully autonomous trips of 5,000 nautical miles at 8.5 knots cruise speed.

This unique combination makes the Bering 88 an ideal choice for private owners and charter operations seeking long-range autonomy without compromising on a high level of comfort or practicality.

“With the Bering 88, we set out to capture the perfect harmony between strength and sophistication. Her exterior lines express power and purpose, yet remain timeless and elegant, a true reflection of modern explorer spirit.”

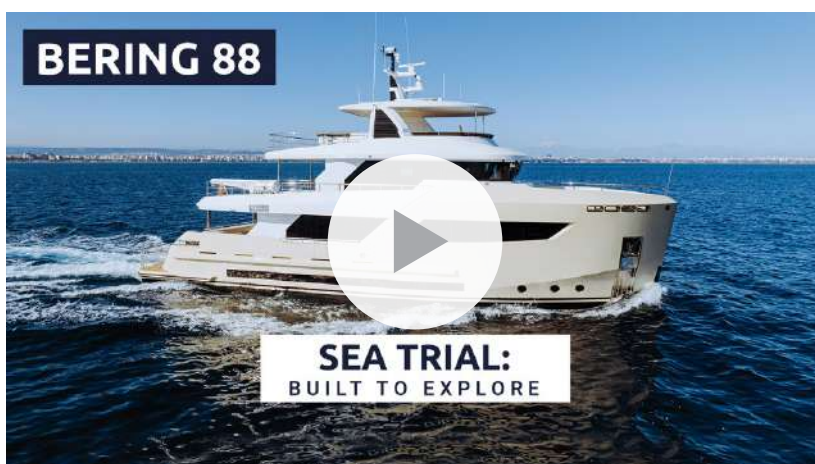

— Cana Gokhan, Design Director, Red Yacht Design

Range

Imagine embarking on a 30-days long adventure aboard the Bering 88, exploring hidden coves and remote islands with no docking. With its ample storage for provisions, this yacht offers the ultimate in self-sufficient cruising. Accommodating up to 8 guests and 5 crew, the Bering 88 provides all the comforts of home while you journey to the most remote corners of the globe. Indulge in gourmet meals prepared by your onboard chef 3 times a day and savor a wide selection of beverages as you marvel at the breathtaking natural beauty that surrounds you.

Set the route from the vibrant city of Miami and embark on an exciting adventure across the North Atlantic. The Bering 88, engineered for extended ocean voyages, like the other Bering boats, is the perfect vessel for this epic journey—cruise through calm Caribbean waters before braving the Atlantic’s open seas. As you approach the European continent, navigate the Strait of Gibraltar and arrive in the United Kingdom, traversing approximately 5,500 nautical miles. With its long range and robust construction, Bering 88 will ensure a safe and comfortable journey.

Technical Specification

Length Overall (LOA)	26.20 m (85'9")
Length of Hull	23.95 m (78'6")
Length Waterline (LWL)	22.80 m (74'9")
Maximum Beam	8.10 m (26'8")
Maximum Draft	2.40 m (7'9")
Displacement Full Load	225 mT (496.035 lbs)
Gross Tonnage	230 GT
Fuel	39.755 L (10.502 gal.)
Fresh Water	2.962 L (782 gal.)
Cruise Speed (Half load)	8.5 knots
Maximum Speed (Half load)	10.5 knots
Range	5.000+ nautical miles (Cruise Speed 8.5 kn)
Guests	8
Crew	5
Tender length	5.2 m
Certification	Classification society upon request
Classification	CE class A
Hull Type	Full Displacement
Material	Steel + Aluminum
